## **FAST START GUIDE**

5

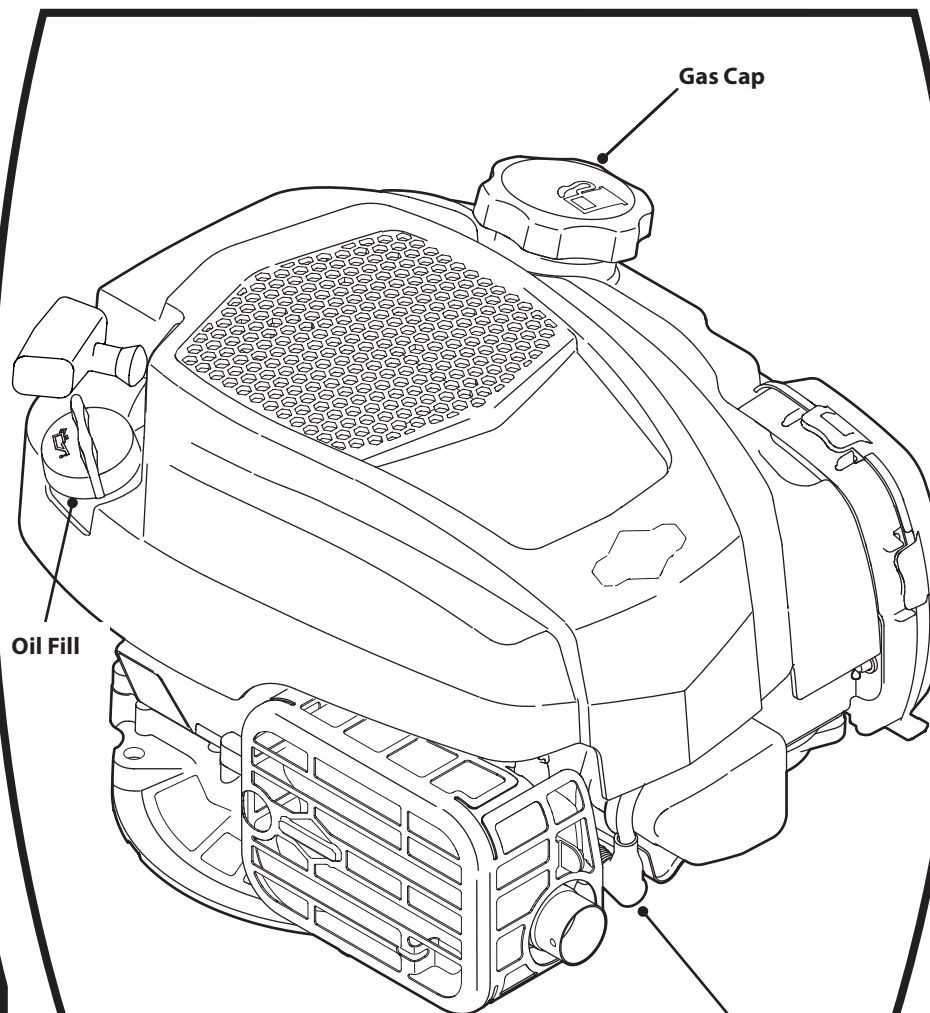

Pour the entire contents of the oil bottle (supplied) into the oil fill. Check the oil level using the dipstick. (Refer to the Operator's Manual)

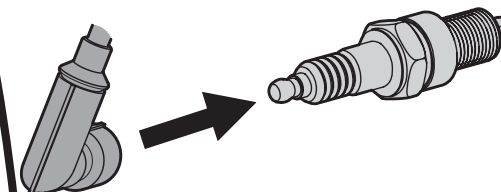

6

Fill fuel tank with clean, fresh gasoline. Do not fill above the base of fuel tank neck.

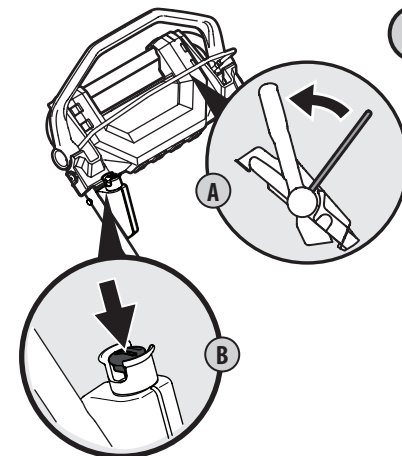

7

Make sure the spark plug boot is connected to the spark plug before attempting to start.

8

- A. While standing behind the machine, pivot the Blade Control Handle against the upper handle.
- B. Insert and push the electric starter push key to start the engine. If the engine does not start after repeated attempts, wait a few minutes and repeat.
